

“CHILL,
IT’S JUST
WATER
VAPOR
AND
FLAVORS.”

#StopLiquidLies

Heating e-liquid flavors creates an aerosol, not a vapor. And 98.7% of all e-liquids contain nicotine*—the highly addictive drug in real tobacco products. It rewires your brain, makes you dependent, and robs you of choice.

**SKIP THE FLAVORS AND GET
THE FACTS AT RAZE WV.COM.**
